Investment Manager Commentary

Asia Pacific equity market strengthened in December driven by positive sentiment on further eased of trade tension between US and China after both countries agreed to continue talks and indicated a phase one trade deal. FTSE Sharia Pacific ex. Japan Index denominated in IDR strengthened by 5.04%. In December meeting, The Fed decided to leave benchmark rates unchanged at 1.50 – 1.75%. During the past month Korea stock market posted highest monthly performance while India stock market posted the lowest. Lower portfolio performance compared to benchmark was due to consumer discretionary, real estate and IT.
